I. Description of Event:

Our office has received a Special Recreation Permit Application from Brett Marshall, President, of the Motorcycle Racing Association of Nevada (MRAN). MRAN propose to conduct their annual "Night Desert Motorcycle Race" on Saturday evening, August 21, 2004. The race would begin at dusk, over public lands in the Jean dry lake area shown on the attached race map.

MRAN anticipates 50 TO 60 riders to participate in the night race. Motorcycles and all-terrain vehicles (ATVs) would be allowed. All classes would race six laps over the 15 mile loop, for a total of 90 miles to finish. A one lap non-speed course reconnaissance ride would be provided to all registered entrants only, beginning at 6:00 P.M. for one hour only, to allow all entrants to view the race course before the race. Approximately 100 to 150 race related pit crews, families and friends are expected, and all would be limited to the central pit and start/finish area only.

The proposed course is identical to last September 28, 2002 night race, and consists mainly of existing motorcycle and buggy course, and sand/gravel washes used in numerous previous events.

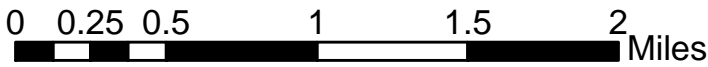

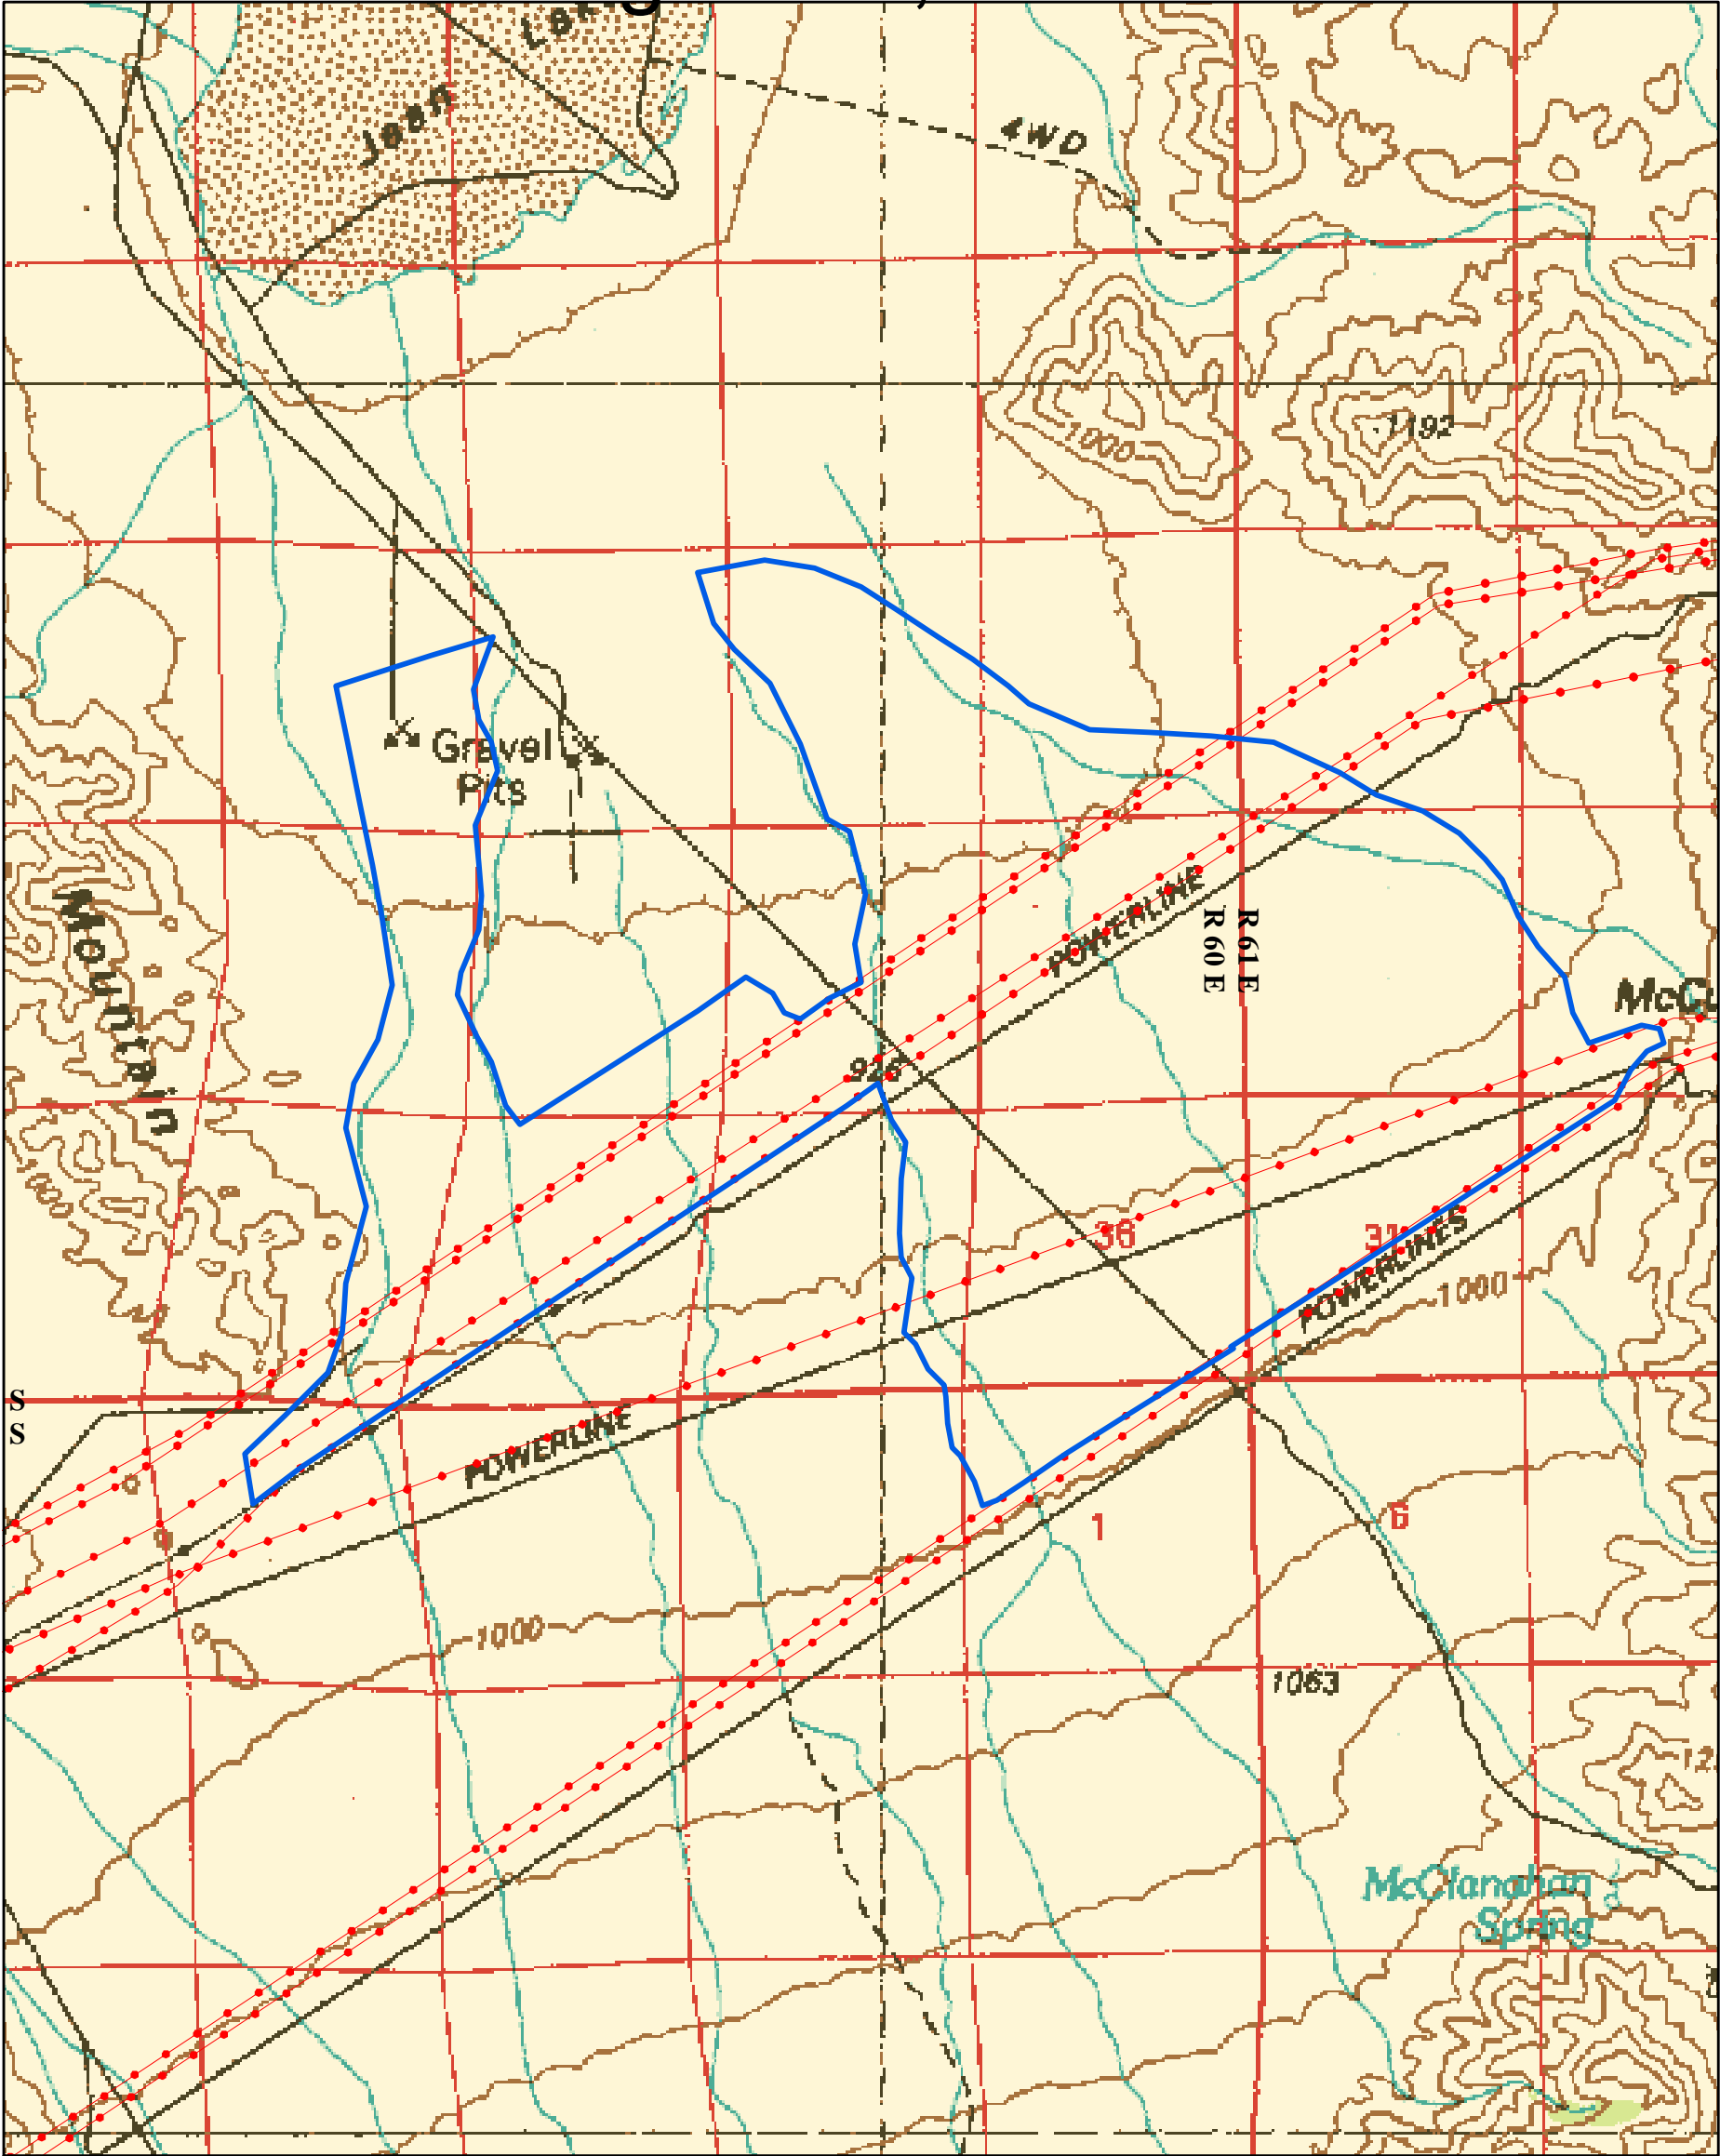

The race would have a timed start, with riders starting in groups by class. An OHV night race EA NV-050-2002-103 for the subject area is available at your request.
